

NORDIC FUZZ CON | 2016

Atlantis: The Lost Paradise

KANDA'S RAMBLINGS

From the workstation of an easily distracted behr.

Hello attendees and welcome to another installment of the conbook and welcome to NordicFuzzCon 2016, a.k.a. Atlantis: The Lost Paradise.

Atlantis and its citizens had been thought to be lost in time, hidden from the rest of the world somewhere underground. Plato thought it was swallowed by the sea; but little did he know that it was under Mausie's pile of cheese the whole time!

A year has passed (and a few days) since the last time we were at Utsikten Meetings, but here we are again today to welcome you back! There's a new theme in place now, but we still have all the familiar STEW members (staff + crew) – plus a few more members – and possibly even that left sock you lost last year. (Check with ConOps.) We have also worked on some new and exciting things for you!

One of many of these exciting things we are debuting this year, is the "Blip" card! The latest innovation by the fine furs from Mausie Labs. This card will function as both your conbadge and access for various events during the convention. You might also notice that if you attend the opening ceremony, and blip your badge against the Blip station, you will have unlocked an achievement! This year you will be able to show how much fun you're having at NFC with the achievements you have unlocked. Speaking of unlocking, I heard there is a treasure chest somewhere with a lot of locks. But I have faith that one of you will triumph as the master of unlocking.

I'm sure you have heard it but Zootopia is coming to a cinema near you. It's the anthropomorphic tale of a world run... by animals! Hey, that's us! One of the cool things this year is that the premier date of the movie in Sweden is about one week before convention, so guess what we did? We rented a movie theatre to allow people, from countries where it has not had premiere, to see it with fellow fluffballs. Pretty neat, huh?

What else is there... hmm... well there is the beer tasting event that is happening on the first day, but you can read all about that in our What the Fuzz on-location news magazine, which is another cool new thing we're doing this year! There you can read more about other awesome things happening during the convention, like the interactive #AskSilverfox Twitter event, or our door sign competition.

Mausie has also grown much over the years. He started as a small raus welcoming attendees on the table, to being able to walk around the convention and mingle with everyone. We haven't seen him much the last few weeks, hopefully he hasn't grown so big that he can't fit through the hotel door any more.

I have kept you long enough and you have a lot of fun ahead of you. So grab your diving gear or magically transform into a mer-version of yourself, be prepared to get your fur wet, and I hope you enjoy your stay in Atlantis!

GUEST OF HONOUR: SILVERFOX5213

Freelance Artist, Febreeze Master

Does life imitate art? Does art imitate life? Do we know the answers to those posing questions? Do we know someone talented who might? The answer to all of those head-scratchers is: "No, not exactly..."

What we can say with certainty is that we may well know somebody talented who might. His creations can pierce the hearts of many with their rampant cuteness and relentless goal to be as adorable as the maximum saccharine limits can allow.

Silverfox5213 is our fabled Guest of Honour, of course, and has been draping our convention with his handiwork – including the conbook cover!

Much like everyone else, he had his first encounter with the furry community through the internet (including the accidental visit to "alternative" websites). He started out as a wolf, because he looked up to his (real) older cousin who was called Silver Wolf, but later on he felt that he was more connected with foxes and thus became the Silverfox we know today.

If you've ever paused for thought about the number in his online username; it turns out that having a popular nickname can be a tricky challenge if you want to claim a user ID. He hit upon the idea of adding the last digits of his old ID card and it's been there ever since.

Whilst he's been enamoured with art ever since he was old enough to hold a pencil, he only discovered his professional passion about five years ago. Since then, he's been filling our lives – and our hearts – with those adorable pictures of the gorgeous round-eyed chibis he's so famous for.

Though he used to be a graphics designer, he's now working profitably as a freelancer through popular sites such as FurAffinity and Deviant Art. Originally he'd planned to be an Interior Designer, but he instead chose to tread the path of fuzzy paws and heart-rending eyeballs. According to him, "the eyes are the window to the soul" – which is what gives his work such a unique twist. Besides from his illustrated soul-stealing eyes, he also captures our attention through clay sculpture and needle-felt.

Although not many conventions have happened in his native Malaysia, he says that he's always thrilled to meet his fans and fellow artists at every convention he goes to. Thankfully for us, he lists his most proud achievements as being a Guest of Honour at conventions.

If you see him around at the convention floor, feel free to come up and say hi. We have been assured that he's not prone to biting. Just watch out for his Febreze spray!

CHARITY: KOTTECENTRALEN

The Hedgehog Central

NordicFuzzCon proudly presents our charity for 2016: Kottecentralen (The Hedgehog Central). This small non-profit organisation works with some adorable little critters – hedgehogs and squirrels.

Due to the expansion of towns and cities and agricultural land, the natural habitat of these small mammals is shrinking at an alarming rate. In addition, the disappearance of garden ponds and draining of fields and forests means that it is harder for them to find water. All too often, bush clearance and other human activity leaves hiding hedgehogs severely wounded or without vital limbs.

What does Kottecentralen do?

This is where Kottecentralen comes in. Since 1997, they have been taking them in and nursing them back to health so they can be released into the wild later. In this way, they help keep populations present in areas where they can still survive. Their declared purpose is to give instant care to injured or ill hedgehogs and squirrels, and to rehabilitate them through professional care and release them.

For their efforts of helping and rehabilitating sick and injured animals, Kottecentralen won the «Miljöpris» (Environmental Prize) for Sustainable Development in 2012, and they continue to help nature. Each year they help more than a hundred hedgehogs and tens of squirrels, but in 2015 they helped well over 200 hedgehogs, and 30 squirrels.

Kottecentralen is working both locally and nationally, and is trying to determine what is happening with the hedgehogs. In recent years, hedgehogs seem to have found more comfort in urban territories than in the natural forests, which exposes them to greater danger from human harm.

Kottecentralen is a member of KFV Riks, a nation-wide organisation for emergency assistance of wild birds and wildlife. KFV Riks started in 1998, when eight people gathered to discuss how they should handle hurt birds.

As with all non-profit organisations, Kottecentralen relies purely on memberships, donations and gifts to make their work possible. Furthermore, it is run by unpaid volunteers. So they need our help! And this is where you come in!

HOW CAN YOU HELP?

- Buy a lottery ticket in the Dealers' Den
- Bid on charity items in the art show or at the auction
- Give a donation to one of our donation cans
- Come and talk to the charity people. They spend a lot of time working to help the animals and it means a lot to them to hear some encouraging words from you. So if you think they do a good job – tell them so!

CONVENTION RULES

Before you run off and have fun at the convention, we ask that you familiarize yourself with the following rules.

Show that you have a valid registration, have your conbadge visible at all times!

Please respect other attendees and their privacy. Stop means stop!

Everything shown in public areas has to fit a general audience. That goes for artwork, clothing and costumes.

Smoking is not permitted anywhere inside the building (including e-cigarettes)

Remember to drink responsibly!

The consumption of food or drinks purchased from outside of the hotel is only permitted in your private hotel room.

All weapons, replicas, tools, toys and mock fights must be approved by the Chief of Security.

You agree that videos and pictures taken of you can be used in non-profit publications without release or compensation.

Photographing in the Dealers Den is prohibited. Cameras are not permitted at all in the Art Show.

This is a short version of the Rules of Conduct you agreed to during the registration process. Please be aware that this overview does not cover all rules and that all decisions will be based on the full rules. You can find the full rules of conduct on our webpage: <https://nordicfuzzcon.org/About/Policies>

Failure to comply with these rules may result in a stern talking to (in less severe cases), expulsion from the convention and the hotel grounds (in severe cases), or being reported to the official authorities (in very severe cases).

LANYARD COLOUR CHART

When signing in at the convention, all attendees are given their convention badge as well as a fancy lanyard to go with it. But the colours of the lanyard will vary. Please consult the chart below to see what the different colours mean.

GREEN – Residential Attendees.

The most common lanyards. For those who are staying at the official convention hotel.

BLUE – Attending Only.

Those without a room at the official hotel. Where these attendees are sleeping, no one knows. Some speculate that they never actually sleep.

LIGHT BLUE – Single Day.

Attendees who will miss out on most of the fun by only attending for a single day.

RED – Staff.

The hard working folks behind the convention. If you have any inquiries, they are always happy to help.

GREY – Crew.

Like staff, except with fewer responsibilities if anything explodes.

BLACK – Security.

Has a fursuiter caught fire? Have non-attendees wandered onto the premises? Are we being invaded by an army of cybernetic Dalecarlian horses? These are the folks to inform.

DARK GREEN – Medic.

After the security has extinguished the burning fursuiter, we have our medics to patch them back up again.

ORANGE – Guest of Honour.

The most prestigious lanyard, which this year is carried by Silverfox.

THE NFC SECURITY TEAM IS THERE FOR YOU AND AVAILABLE 24 HOURS A DAY.

IS THERE SOMETHING WRONG? PLEASE SPEAK UP!

WE WILL DO OUR BEST TO FIX ANY PROBLEMS! DON'T BE SHY, COME AND TELL US!
WE WANT NFC TO BE THE TIME OF YOUR LIFE AND A GREAT MEMORY.

HOW CAN YOU REACH US?

WE WEAR SPECIAL, LARGE BLACK BADGES AND BLACK LANYARDS TO MAKE US EASILY VISIBLE. YOU CAN ALSO TALK TO ANY STAFF OR CREW MEMBER OR THE HOTEL RECEPTION AND THEY WILL CALL US, OR REACH US DIRECTLY BY CALLING OUR HOTLINE +46 (0) 762 69 33 79 ANY TIME, DAY OR NIGHT.

FURSUIT LOUNGE

At NFC, we realise that fursuiting is an exhausting way to have fun, and it's all too easy to overheat and dehydrate. To help make your fursuiting experience at the convention as hassle-free and comfortable as possible, we have the Fursuit Lounge. This is a safe place for fursuiters to rest, a place where they can cool down, away from the spectators and the paparazzi. The Lounge can be found in the left wing of the hotel, next to the photoshoot room.

The Fursuit Lounge is stocked with simple drinks and refreshments to help fursuiters recover and rehydrate. Large fans keep the room and everyone in it cool, and the airflow also helps fursuits to dry more quickly. Special types of drying equipment also help to dry your fursuit after use.

You don't have to stay in the Fursuit Lounge with your fursuit while it's drying, but be advised that all items in the Lounge are stored there at your own risk. The Fursuit Lounge is for all fursuiters at NFC, but there's only a limited amount of space – so please remove your suit once it's dry.*

The Fursuit Lounge is open all day and night during the convention, from late afternoon on Tuesday until the end of the Dead Dog party.

During the dances, there will be a small fursuit lounge across the hall from the disco.

Please try not to leave items in the Lounge after the Dead Dog party. At the end of the convention, any items that have been left in the Fursuit Lounge will be moved to ConOps.

At this point the NFC staff will be busy packing up the convention, so it may take some time before you can get your items back, and this could mean you miss a bus, a train, or worse.

RULES OF THE LOUNGE

- This area is for fursuiters only, in and out of suit!
- Personal helpers can enter in company of a suiter but must leave as soon as their services are no longer needed.
- Do not take pictures or record video in the Lounge!
- Storage is at your own risk! The convention is not responsible for any damaged, lost, or stolen property.
- Refreshments in the Lounge are for fursuiters only. Please do not consume these if you are not fursuiting.
- Do not remove fans, sprays, or other convention property from the Lounge.
- The fursuit staff reserves the right to carefully move items from the dryer trees to make space for people waiting to use them.
- No alcohol in the Lounge.

* Rumour has it that fursuits left in the Lounge overnight come to life and have amazing parties, but it's hard to know for sure since we in the conbook department have never been invited to any such parties.

FURSUIT MALFUNCTION? NO PROBLEM! THE FURSUIT LOUNGE HAS A SIMPLE REPAIR STATION SET UP FOR QUICK FURSUIT FIXES.

FURSUIT PHOTOSHOOT

The Fursuit Photoshoot is a “walk in” affair; there's no need to sign up. Simply walk by, drop in, see if there is somebody in front of you, and if there's not you can take to the stage right away! In the unlikely event of a lengthy queue, you may have to drop by later instead.

We have a bunch of theme-related props on location to fit various fursuit styles, but you can bring your own rubber mallet (and other props) if you want! We reserve the right to refuse certain props if we feel they either violate our policies, or are a danger to us or our equipment.

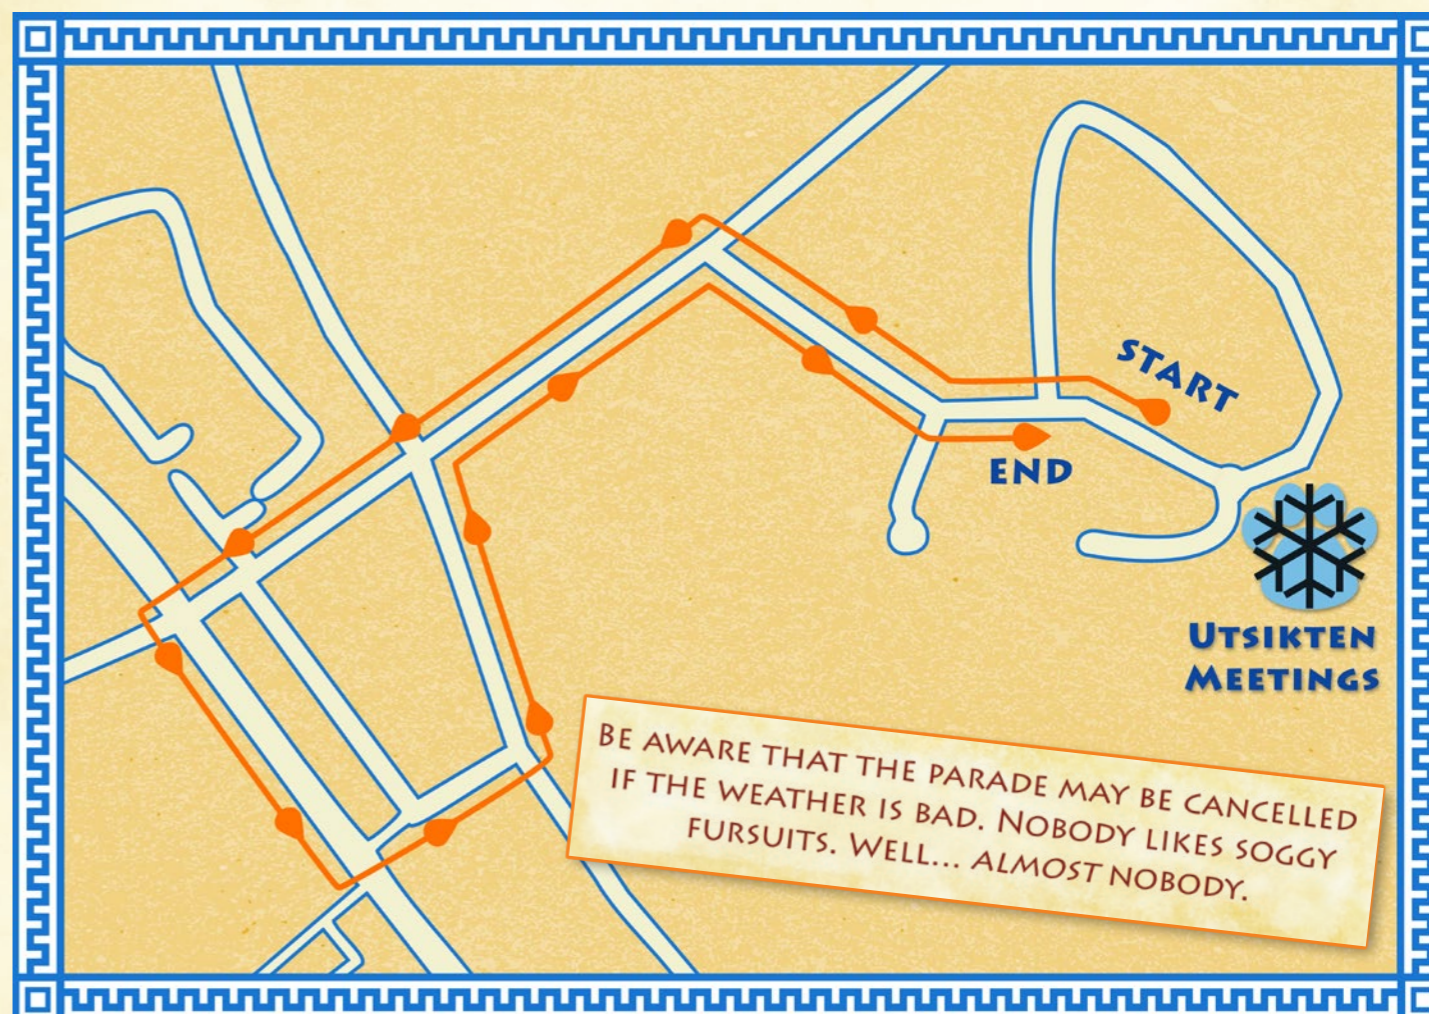

The pictures will be made available online after the convention after our little gnomes have finished processing them, which usually takes between two to three weeks in total. Since the pictures are going to be available via public internet, all props, poses and costumes have to follow the same public decency rules as outlined in the Convention Rules.

Once processed and online, the URL will be announced on the official NordicFuzzCon forum, as well as our Telegram and Twitter accounts.

THE OFFICIAL FURSUIT GROUP PHOTO WILL BE BEFORE THE FURSUIT PARADE. WE'LL SEE YOU THERE!

HOTEL AND LOCAL AREA INFORMATION

Or, "The Furry Survival Guide to NFC"

(This guide is not guaranteed to solve all of your problems, but it'll definitely try)

EAT

...at the hotel...

You can only get your breakfast in the hotel you're staying in and they are already paid for. Breakfast at Utsikten is served as a buffet in the Restaurant "The Frying Dutchman", and runs from 08:00 to 11:00. At Nynäsgården, our second hotel, they also offer a breakfast buffet to their guests and it will be just as delicious. It has slightly different hours to Utsikten, running from 07:30 to 10:30. For non-residential attendees, this will cost 125 SEK.

If you're having lots of fun during the early hours then you might want to grab breakfast before you sleep, and here NordicFuzzCon recommends you have at least six hours of sleep a day and at least two square meals each day. Circular or hexagonal meals are fine as well.

We also recommend you listen to Björk twice a day, and steal Mausie whenever you have the chance.

Dinner at Utsikten is served as a buffet in the Restaurant "The Frying Dutchman" every evening. This includes early arrival on Wednesday, right up to Sunday. Dinner will be served from 17:00 to 21:00. If you have pre-bought meal tickets during registration, then you can use those here.

If you don't believe in a token-based economic system, you can pay with real money instead (150 SEK). Dinner at Nynäsgården, our second hotel, is entirely possible - but you may prefer to stay at Utsikten and eat as there are still plenty of events going on after dinner!

...or outside the hotel!

RESTAURANTS

There is a shopping centre down by the main road where you can find Thai, Pizza, or Indian cuisine. By the petrol station, there is an old-fashioned grill. There is a Bar and Burger joint down the road. Remember to play nicely and show your badge proudly to see what amazing special deals we have arranged for you with the local eateries.

DRINK

...at the bar...

The bar downstairs will be happy to dispense alcohol to you. As well as their standard menu, we have our own drinks menu including custom cocktails! Drinks will not be served after 03:00, not even to popufurs.

...or at a room party?

You can buy alcohol from the grocery stores, so long as it's under 3.5%. For anything stronger, go to the Systembolaget. It should be open until 19:00 on Thursday and Friday, and until 15:00 on Saturday. Unless furries buy everything they sell, of course.

SHOP... FOR FOOD, DRINK, AND ANYTHING ELSE.

There's an ATM near the Bar and Burger; it prints money!! Down the hill, there is a Coop Extra, but they do not sell live chickens. By the main road, there is a Willys but they do not sell willies, not even under the counter where all the good stuff is.

Or stay in the hotel ...that's where the convention is, after all...

SAUNA & GYM

If you wish to relax, the sauna is open in the evening until 23:00. If you get hold of the Northern collie (Fredrix) and charm him adequately, then he might be able to arrange another time. Leave the place tidy or we'll send the Kraken after you... it has tentacles.

There is also an exercise room available for use. Here you can lift heavy things and put them back down, or you can walk or cycle in a never-ending struggle to go nowhere.

WI-FI

To connect, search for the open Utsikten Meetings network. Please be gentle with your usage - remember that hundreds of other furries are using the network as well. Don't break the WiFi, or we'll tell everyone it was you and let furry mob justice do the rest.

...until it's time to go. :(

CHECKING OUT

On the day you depart, you will need to check-out and have the room clear by 13:00. Or, you can pay a fee of 450 SEK to keep your room until 17:00. If you haven't checked out by then, you will be charged for another full day. You could try to keep this going for longer, but all the other furries will eventually go home, one by one.

Soon, you'll be the only one left. You, and the memories of the fun you had. And then you'll go home too, and another convention will be over. No more chances to blip or drink another glass of Fox Milk. No more stealing Mausie. Won't that be sad? Maybe. NFC 2016 will still have been great fun. And soon you'll get to come back for 2017. You'll get a whole new conbook just like this one, and it'll all start over again. Good times.

BLIP: ACHIEVEMENTS AND CON BADGES

Your Fancy New Conbadge

Mausie Labs, with its chief superstar engineer Chama C. Fox, is proud to introduce the next step in fanciful future technology for this year's NFC: The Blip!

When you arrive, you will be given your more-than-meets-the-eye conbadge because it is also your Blip card! It has been pre-loaded with any amenities you have purchased with your ticket, such as food or access to events. If you did not opt for any of them, you can still purchase them from the the registration team. If there is no one there, then please inquire at ConOps.

To use it, look for the Blip icon in places where you can blip, then tap your conbadge against the icon. You will then hear a confirmation that your card has been accepted and sometimes something more interesting. Most Blips are black boxes, but there are some that are different.

Other than being able to access the cinema and various food-related events, you will also be able to claim achievements scattered around the convention using your conbadge.

And what better way to show how much you enjoy the convention than by showing everyone how many achievements you have unlocked during this year's NFC? As you go around the convention, you will come across various opportunities to claim achievements. Some can be pretty tricky, so you may need to keep an eye out for out-of-place codes and challenges! You can find the list of publicly known achievements in your pocket schedule and below.

FAQ:

How to blip

Just tap your conbadge on the Blip icon and you're set! You will hear a sound or voice when blipping that will confirm your blip. The Blip system comes in two flavors: one is the achievement part and one for your entry tokens.

Tokens

Your conbadge comes loaded with your tokens for events and buffets. To use a token, you simply blip it at the Blip designated to that specific event or buffet. These will be clearly marked and there will be personnel around to help you. These Blips are not connected to any achievement.

How do achievements work?

You can complete challenges associated with achievements to unlock them. There are four types of achievements:

Blip Achievements are the easiest ones. You just blip your conbadge on the Blip and you are done.

Code Achievements are unlocked by collecting one or several codes, and then visiting the Blip Master. The Blip Master will blip your conbadge along with your code and that will unlock the achievement.

Mission Achievements require you to perform and document specific tasks. Take the proof to the Blip Master to verify their completion.

Hidden Achievements... are rumored to exist.

Where is the Blip Master?

The Blip Master (one of the two) can be found in the Gaming Arcade.

Where can i find status of my achievements and entry tokens?

You will be able to see the status of your achievements and tokens by logging into your NFC profile on the website OR by using the Blip located at the hotel reception desk.

Problems?

If you have any problems, lose your conbadge, or perhaps it gets stolen by a curious octopus, go to the Registration team, and they will be able to help you. They are located in the lobby. If there is no one there, then please inquire at ConOps.
