

# NORDICFUZZCON 2023

## TOYTOWN

# Letter From the Chairmew

We are very excited to be hosting NordicFuzzCon again after more than 3 years. The previous year has been quite a challenge for all of us, especially that we had to ask you to trust us to move the convention to 2023. Now here we are to welcome all of you again - live - at Clarion in Malmö. This 2023 edition has surely seen some growth, up from 1500 in 2020 to a bit over 2300 attendees and almost 50% sponsors!

For this year, we are very excited to have you join us in exploring Toy Town! A magical world of toys with fun and cute elements like our conbook cover or t-shirt, to the abundance of arcade machines and events to the more dark and scary haunted house. But don't be scared, Mausie and Iris are here to make sure to hug you and include you in all the fun around us from events to our charity.

At this year's convention, we are proud to once again be supporting **Odsherred Zoo Rescue**, a local zoo in Denmark that works to provide their fluffy animal friends with a safe and loving home. They are Denmark's first and only rescue centre for exotic animals which is an amazing service to do in this region. In addition to rescuing these animals, they also need to provide specialised care since they come from completely different environments that we have here in this region. Come to one of our charity events to hear more about what they do and also support their work.

While walking around the toy town, you might notice some interesting stickers of a dog with two legs. They are made by our Guest of Honour hailing from Finland, **Berneri**. They are known for their comic strip, koirakoiri, which will resonate about your life at some point. You can read more about them and our Northern Light **Johanna Tarkela** in this conbook. Also, don't forget to visit one of their panels during the convention.

The convention this year is packed with activities to keep everyone entertained, from gaming to drawing, to photo, and socialising events waiting for you to explore. We also have many of your favourite events returning this year such as our party boat with our own chef from the Party Team. Our maid café gets a temporary rebranding as the Toy Box Café, serving the best fika on this side of town. Maybe take an excursion to *Eslöv* and visit the toy museum for a trip down memory lane. All of these activities are sure to bring a smile to your face and make for a great time!

Lastly I would also like to thank our hardworking convention STEW (STaff/crEW) for their tireless efforts in making this convention a reality. They have worked hard to make sure that everything runs smoothly and that everyone has a great time. So make sure to give them an extra hug.

Whatever you might be doing during your time with us, I hope that you enjoy your time back in person to experience NordicFuzzCon!

# Guest of Honour

It has been a long few years. Time to dust off your toy box and grab your favourite Mausie plushie. In 2023, NordicFuzzCon will be taking you to Toyland!

Every land of adventure needs a guide and we have just the Guest of Honour for the job. Whilst **Berneri** says that they are a little nervous about being in the limelight, they are very honoured and are looking forward to the new challenges that hosting events can bring.

Berneri will be on the *Meet the Guest Panel*, so you can get to know them and find out more about what they will be getting up to during the convention.

For their event, *Draw with the Guest of Honour*, Berneri will take you on a relaxed drawing session where they will draw and chat to people as they work, a great session for artists who like the practical side of life. Berneri is open to questions being asked, so if there is anything you ever wanted to know about art, do not be shy!

In *Strip Comic Creation*, Berneri will share their professional secrets about how they make comic strips; diving into the process of how they get their ideas and how stories come together. If there is time, Berneri will give the inside scoop on what it was like to step into self-publishing and producing their own line of merchandise. There is sure to be a little something for everyone here.

Berneri says that they cannot wait for NordicFuzzCon as that is where they often get to mingle with other artists and meet people. They love travelling to new places and soaking up nature, but also love local legends and spicy folklore. If you have some hometown history to share, they would love to chat.

Furry conventions give Berneri a sense of belonging, and they feel that it is one place where they can really be themselves. We cannot help but agree, and we hope that their, and your, experiences of NordicFuzzCon will be happy and memorable ones.

# Northern Light

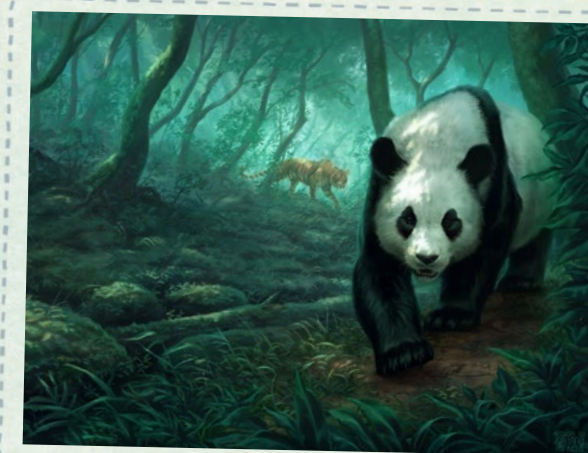

After a period of quiet, it is time to make some noise. Toyland is coming to NordicFuzzCon 2023 and whether you love board games, plushies, train sets or more, we are sure to have something to make you smile.

We are delighted to welcome **Johis** as our Northern Light, who will be tantalising us with her artistic talents. Being a former attendee, she is an artist of fine calibre with over 15 years of experience in the field. She is very eager to share with us her expertise, starting in the *Meet the Guest* panel. If there is any question you have longed to ask her, here is your chance; but this is not the only event that Johis has to offer.

For her first panel, *Developing an Art Style*, will be a trip down memory lane. Johis will take us through her own past, demonstrating how her own personal style of art has evolved and matured over the years. She is hoping to inspire you to not be afraid of old work or of trying new ventures. If there is time at the end, there will be a Q&A where you can plumb the depths of her soul and digital paintbox.

For her two independent but thematic drawing panels, Johis takes us through the elements of drawing with realism. Demonstrating how she sketches realistically in one event and presenting realistic colouring in an additional event. Johis says she is really looking forward to them as they involve some audience participation and she can not wait to hear your ideas.

Johis says that she is pleased to be coming back as NordicFuzzCon and the furry fandom means a lot to her. She enjoys the social side of conventions, especially as meeting people is another source of her artistic inspiration. We hope that this year we can inspire her and you, and that your NordicFuzzCon 2023 is happy and exciting.

# Charity

**ODSHERRED  
ZOO  
RESCUE**

Through the years you have helped NordicFuzzCon help an amazing number of animals! But the actions of humans are still leading to animals being taken out of their environment and made to live difficult lives. Be it in the medical industry, cosmetic industry, through illegal pet trade or mistreatment. In Denmark, these animals have found a safe haven:

The charity for NordicFuzzCon 2023 is **Odsherred Zoo Rescue**!

They provide a comfortable environment where these animals can retire and enjoy their lives. Together we can help the rescue zoo take care of these animals, and give them the future they deserve!

Odsherred Zoo Rescue is Denmark's first and only rescue center for exotic animals. They provide a shelter for 600 animals from 100 species that were rescued from experimental laboratories, fur farms, private persons, smaller zoos or other unpleasant living conditions. In the rescue center, they can live their lives peacefully in an environment that is species-appropriate with healthy food and behavioural enrichment.

# Medic & Security

Like every year, your friendly neighbourhood medics and security furs are here to make sure you and everyone else have the best con possible! Here are some friendly reminders on how YOU can make your experience better:

- Remember the 6-2-1 rule: Make sure to get at least 6 hours of sleep (or more), 2 meals, and 1 shower a day!
- If you see a fellow congoer who is not feeling well or just sitting by themselves, go up to them and say hi! Ask how they are doing and if they need help - you never know, you might make a new friend!
- And at any time, if you feel bad in any way or think you or someone else needs medical attention, be sure to contact the nearest medic!

Our medics are always happy to help, give out band-aids, water, isotonic drinks, condoms and HUGS to those in need! Together with the medic team, the security team will do our best so all of you can have an amazing con! Please do not ever hesitate to come to us if you have any concerns, big or small - we are here for you.

## nerdMarket - NordicFuzzCon edition!

It is that time again where fellow nerds and like minded all assemble. I'm talking about nerdMarket kicking in the door again on Friday the 24th of Feb! The event will happen on the open house day of Fuzzcon and will be open between 12.00 and 17.30.

What is nerdMarket?

A magical market filled with a mixture of retro games, japanese kawaii stuff, plushies, random nerdy stuff and several creators selling their cool items. You can learn more from their Facebook page at [facebook.com/nerdMarketMalmo/](https://facebook.com/nerdMarketMalmo/)

Come check them out on 3rd floor, Friday 24th Feb, 12.00 - 17.30

## Achievements - ToyTown edition!

Can you find the secret code? Some mischievous toys have been hiding codes all around the con, in the most unexpected places. Just like in previous years, find these codes to unlock their associated achievement!

Hint: There may be some changes to this year's achievement, keep a look out for announcements regarding their change. Not all of them are in a physical location. Some might be in printed materials, or even tied to events. There are also achievements for which you need to visit the convention's Blipmaster, a friendly individual who may grant you achievements in return for performing certain tasks. Be on the lookout for a sign saying Blipmaster and you will find them nearby.

Follow our social media for the latest on this year's NFC and things to expect next year! You can find our official social media links at [social.nordicfuzzcon.org](https://social.nordicfuzzcon.org)

# Fursuiting

## Fursuit Lounge

The Fursuit Lounge is located on the first floor, inside the foyer, next to Arcade. This is a fursuiter only area where you'll find our drying setup along with most of our fans. Refreshments and simple drinks will be provided to ensure everybody is hydrated and not running low on sugar or salts. The Fursuit Lounge also has a repair station set up for quick fursuit fixes.

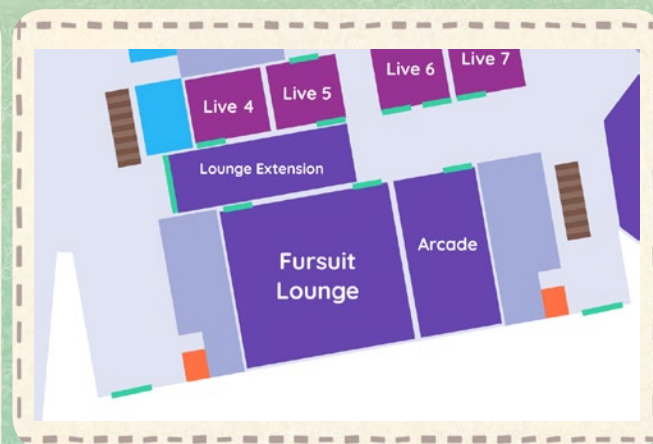

## Fursuit Parade

The Fursuit parade will start **Friday at 13:30** immediately after the Fursuit group picture has been taken.

The map of the parade route is on our website or using the QR code, you can find updates about the parade in case unforeseen circumstances force us to change the route last minute, or in the event the parade has to get canceled due to weather.

## Parade Tips & Tricks:

- Check out the route before the Parade starts, and feel free to scout it out the days before the parade to make sure you can walk the whole route.
- Make sure you're well-hydrated before the parade!
- Bring a fursuit handler, unless you're sure you can be without. Though we will have security and volunteers to help make the parade safe for all, you should have a fursuit handler with you in case you feel like you can't finish the route and need someone to help you back, handlers can also help you keep track of bystanders that wants a hug and can help you move along with the parade.
- Please do not stop up for longer amounts of time during the parade. It's nice to pose for a picture here, and give wanting bystanders a hug there, but limit yourself so you don't end up splitting up the parade or slowing it down.

This image shows a blank sheet of lined paper designed for taking notes. The paper has a light cream or off-white background. A thick, solid blue horizontal band runs across the top, serving as a header. In the upper-left corner of this blue band, the word "Notes" is written in a large, bold, white font with a subtle drop shadow. Below the blue header, the rest of the page is filled with horizontal orange lines, providing space for writing. These lines are evenly spaced and extend across the width of the page. A dashed orange border frames the entire sheet of paper, creating a visual boundary.
