

From Ragnarok to Zen Garden by Rexam

After the glorious battles of Ragnarök it's time to get zen and enjoy a moment of peace at NordicFuzzCon. The theme of the convention will focus on the mystical and spiritual aspects of Japan.

Thousands of fuzzies are once again gathering together in Malmö and there will surely be plenty of newcomers. **Furcon 102** is a perfect start for those attending a convention for the first time.

For those seeking to make connections there are various **meet & greets** throughout the convention for all kinds of hobbies and interests, from aviation enthusiasts to furry streamers.

Managing energy levels at a convention is important, that's why NFC has teamed up with several local restaurants and cafes to give amazing offers for all attendees, all you need is your badge (more on restaurant offers on the other side)! For those seeking tips for nutritious meals there's also the **How to eat and drink during a furry convention** panel.

At the heart of the zen garden there's the main stage where all that stored energy can burst out in the form of dancing as up to 32 DJs will be providing the beats. Music can also be enjoyed at the **SnOwOfIakes Charity Concert, Furry Opera:**

Madama Fluttershy, Furovision and Fursuit Dance Competition.

There's music also outside the main hotel, if you follow the drums of **Taiko Bastards** you will find that **Valhalla** is also back this year for those craving action and thrills in the middle of all the zen tranquility. There you can find the **Arcade** where a vast library of games both old and new await their challengers. In Valhalla you can also find NFC's **Haunted House** where you can experience the scarier aspects of Japanese myths.

There's more to discover at NFC and the best way is to check the schedule on your app!

THE 2025 DOOR SIGN AWARD by Leophan

It's time again for the old NFC tradition of finding the best door sign. Take a picture of your door sign, and post it to Bluesky with the hashtags #NFC2025 and #NFCDoorSignAward. Remember to include your room number, so we can send someone over to take a photo for publication should you be our winner.

Keep Zen & Con On / Apps & Telegram Groups by Miles & Baxter

Furry conventions can be daunting, with so many events, so many people, and several channels of information.

To help you stay afloat and get the most out of the convention, we recommend you do the following:

Download the NordicFuzzCon app for Android and iOS. Just search

for our convention in the respective storefronts, it's easy to find! Through the app you can mark events you wish to attend and get notifications so you don't miss out.

Head over to **social.nordicfuzzcon.org** and follow the "live" accounts for *at the convention* updates. Here you can also find links to a number

of useful social spaces, including our new **External Activities Telegram group** – where attendees can both join and organise events through the city of Malmö.

... and of course, read *What the Fuzz?!* every day!
